INLEIDING

Die Hoofkomitee van die RGN-onderwysnavorsingsprogram het besluit dat onderwys op die platteland een van die prioriteitsgebiede van navorsing is.

Hierdie projek is aangevra deur die Werkkomitee: Onderwys in plattelandse gebiede van die RGN-Onderwysnavorsingsprogram wat die voortsetting van die RGN-onderzoek na die Onderwys hanteer. Die werkkomitee het op sy eerste vergadering vier prioriteitsprojekte geïdentifiseer. Met hierdie verslag word die eerste van die vier projekte afgehandel.

Daar bestaan 'n sterk vermoede dat onderwys- en opleidingsfasiliteite en -geleenthede op die platteland swak vergelyk met dié in stedelike gebiede. Hierdie katalogus gee 'n idee van die opleidings- en onderwys-fasiliteite wat op die platteland bestaan en dien as vertrekpunt vir verdere navorsing binne die RGN-onderwysnavorsingsprogram.

Die katalogus bevat die name van al die instansies wat opgespoor kon word, wat onderwys of opleiding op die platteland aanbied met die uitsondering van die gewone formele onderwys aangebied deur primêre-, sekondêre- en tersiêre-onderwysinstansies. Die adresse van die instansies word in die katalogus weergegee asook die plekke of sentrums waar sodanige opleiding plaasvind. Verder word 'n kort beskrywing gegee van die aard van opleiding by die verskillende sentra.

Ter wille van die vergemakliking van navorsing is die instansies onder die volgende kategorieë ingedeel:

- (i) Geletterdheidsprogramme
- (ii) Opgradering van onderwysers
- (iii) Landbou-, bosbou- en tuinbou-opleiding
- (iv) Bestuur- en besigheidsopleiding
- (v) Industriële en tegniese opleiding
- (vi) Gesondheid- en gesinsbeplanningsprogramme
- (vii) Tuinsnywerheid en huisvlyt

- (viii) Preprimêre onderwys
- (ix) Tikkursusse
- (x) Diverse opleiding

Briewe en kort vraelyste is aan 732 instansies gestuur waarvan 337 geantwoord het. Hiervan het 119 ðf geantwoord dat hulle geen sodanige kursusse aanbied nie ðf die instansie is as stedelik geklassifiseer.

Aangesien die respondente gevra is om die adresse te verskaf van ander instansies waarmee hulle bekend is wat opleiding in plattelandse gebiede verskaf en opvolgbriewe aan hierdie instansies gestuur is, word adresse nog steeds van tyd tot tyd ontvang. Die katalogus sal dus periodiek aangevul word. Die katalogus is verder beperk tot Swart, Indiër- en Kleurlingonderwys en -opleiding.

Vir die doel van hierdie ondersoek is plattelandse gebiede gedefinieer as dié streke van die land wat beslaan word deur plase of klein dorpies waarin geen groot nywerhede en mynboubedrywighede bedryf word nie.

Daar word vertrou dat hierdie katalogus sal bydra tot navorsing oor onderwys en opleiding in plattelandse gebiede.

INTRODUCTION

The Main Committee of the HSRC Educational Research Programme regards education in the rural areas as a research priority.

This project was requested by the Work Committee: Education in rural areas, which constitutes part of the HSRC Educational Research Programme for the continuation of the HSRC Investigation into Education. The work committee identified four priority projects initially, the first of which has now been completed.

It is strongly suspected that educational and training facilities and opportunities in rural areas compare unfavourably with those in urban areas. This catalogue provides a broad outline of the training and educational facilities available in the rural areas, and serves as a starting point for further research within the HSRC Educational Research Programme.

The catalogue contains particulars on all the institutions concerned with rural education and training that could be traced, with the exception of ordinary formal education provided by primary, secondary and tertiary education institutions. The addresses of the institutions are indicated as well as the places or centres where training takes place. An indication is also given of the nature of the training at the various centres.

With a view to systematizing the research, the institutions were categorized as follows:

- (i) Literacy programmes
- (ii) Upgrading of teachers
- (iii) Agriculture, forestry and horticultural training
- (iv) Management and business training

- (v) Industrial and technical training
- (vi) Health and family-planning programmes
- (vii) Home industry and homecraft
- (viii) Preprimary education
- (ix) Typing courses
- (x) Diverse training

Letters and short questionnaires were sent to 732 institutions. Of the 337 institutions that responded, 119 indicated that they either did not offer such courses or were classified as urban.

In view of the work committee's request for the addresses of other training institutions in the rural areas with which the respondents were familiar and the follow-up letters that were subsequently sent to these institutions, new addresses are still being received from time to time.

Consequently the catalogue, which is limited to Black, Coloured and Indian education and training, will be supplemented periodically.

For the purpose of this investigation rural areas were defined as those regions occupied by farms and small towns where no large industrial or mining activities are conducted.

It is trusted that this catalogue will contribute towards research on education and training in rural areas.

1. LITERACY PROGRAMMES

ADULTS

- 1.1 Institution: Agricultural Training School
Private Bag X6
MAIDSTONE

Nature of training: Literacy programmes with the help of Operation Upgrade.

Population group: Black.

Place: Maidstone.

- 1.2 Institution: B.T.R. Sarmcol
P.O. Box 29
HOWICK
3290

Nature of training: Based on the Bureau of Literacy and Literature's English Literacy. English medium.

Population group: Black.

Place: Howick.

- 1.3 Institution: C.G. Smith Sugar Limited - Gledhow
P.O. Box 55
STANGER
4450

Nature of training: Based on Operation Upgrade's literacy programme. English medium.

Population group: Black.

Place: Stanger.

- 1.4 Institution: C.G. Smith Sugar Limited - Noodsberg
Private Bag 501
DALTON
3470

Nature of training: Literacy classes. Two-hour sessions on weekday evenings.

Population group: Black.

Place: Noodsberg.

- 1.5 Institution: C.G. Smith Sugar Ltd. - Sezela.
P.O. Sezela
SEZELA
4215

Nature of training: Numeracy and literacy to Std IV.

Population group: Black.

Place: Sezela.

- 1.6 Institution: Dano Textile Industries
P.O. Box 12
HAMMERSDALE
3700

Nature of training: Literacy. English medium.

Population group: Black.

Place: Hammersdale.

- 1.7 Institution: Department of Education
Qwaqwa Government Service
Private Bag 817
WITSIESHOEK
9870

Nature of training: Adult Education. Literacy classes. Sub Std A & B. Preparatory classes - Std 1 & 2. Course I classes - Std 3 & 4. Course II classes - Std 5. Continuation classes - Std 8 & 10.

Population group: Black.

Places: Akofang, Beulah, Boiketlong, Dibe, Dithotaneng, Kgotsong, Kgopjane, Koos-Mota, Lebohang, Letotolo, Letsha le Maduke, Machaea,
